Professional Summary

Full Stack Developer and B.E. Computer Science Engineering student (2027) with strong proficiency in Java and experience in MERN stack development. Skilled in React.js, Next.js, Node.js, Express.js, MongoDB, and MySQL, with hands-on experience gained through internships at Pugarch Technology Pvt. Ltd. and Axinex Technologies.

Technical Skills

Languages: Java (Primary), JavaScript, Python, C, C++

Frontend: HTML, CSS, Tailwind CSS, React.js, Next.js

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, MySQL

Tools: Git, GitHub, Postman, VS Code, Vercel, Render

Core: CRUD, JWT Authentication, API Integration, Responsive Design

Experience

Web Development Intern (Team Lead)

May 2026 – Present

Axinex Technologies

- Led development of a full-stack corporate platform with frontend and backend integration.
- Built scalable modules including enquiry management and admin dashboard systems.
- Implemented secure authentication using JWT and bcrypt with role-based access control.
- Managed API integration, email automation, and production deployment workflows.
- Deployed application using Vercel, Render, and MongoDB Atlas.

Web Development Intern

Jul 2025 – Dec 2025

Pugarch Technology Pvt. Ltd.

- Developed multiple web applications including Expense Tracker, Weather App, and UI-based projects.
- Worked on MERN stack with REST API integration and responsive frontend design.
- Improved frontend-backend communication and application responsiveness.

Projects

AXINEX – Corporate Platform

[Live](#)

- Built full-stack corporate platform using Next.js, React.js, TypeScript, Tailwind CSS, Node.js, and MongoDB.
- Designed responsive website with dynamic service and enquiry management pages.
- Implemented JWT authentication and admin role-based access control.
- Built enquiry workflow with email automation using Nodemailer.
- Deployed using Vercel, Render, and MongoDB Atlas.

DonorSync (MERN Stack)

- Developed a blood donor and requester management platform using MongoDB, Express.js, React.js, and Node.js.
- Implemented JWT authentication, role-based access control, and dashboards for donors, requesters, and admins.
- Enabled request tracking and deployed the application using Vercel and Render.

Expense Tracker Application

- Developed full-stack expense tracker using React.js and MongoDB.
- Implemented CRUD operations with persistent storage.
- Designed responsive UI for financial tracking and visualization.

Awards / Certifications

- Recipient of the Leela Poonawalla Foundation Scholarship for Engineering Education.
- School Topper in SSC Examination with 99% under Maharashtra State Board.
- Served as Master of Ceremonies for national-level events including HackGenX Hackathon and Vidyotan Technical Fest, along with major college events such as Umang(gathering event).
- Deloitte Australia Data Analytics Job Simulation Certification.
- Web Development Bootcamp by Angela Yu (Udemy).
- Java Programming Certification (CCIT).

Education

Bachelor of Engineering (CSE)

2023 – 2027

Sipna College of Engineering and Technology, Amravati

CGPA: 9.0

Higher Secondary Certificate (HSC) – Shri Ramkrishna Junior College, Amravati

84.17% (2023)

Secondary School Certificate (SSC) – Shri Ramkrishna Krida Vidyalaya, Amravati

99% (2021)
